

Crawler Crane Undercarriage Parts

◆ ABOUT US:

Yantai Orient specializes in the supply of undercarriage parts for crawler cranes, drilling rigs, bulldozers, and mining excavators. Our main products are track shoes, track rollers, carrier rollers, idlers, sprockets and track chains, which are cost-effective and suitable for various models.

We have more than 20 years of experience in the production and export of mechanical undercarriage parts. Through advanced casting, forging and heat treatment technology, our products have the advantages of high impact value, good toughness, strong abrasion resistance, etc.

Yantai Orient always be customer-oriented. With the advanced equipment, skilled technology and high-quality raw material, we have provided high-quality products to customers in more than 30 countries, from which thousands of customers have benefited.
